

A guide to the Student Portal

v2. Sept 2026

What is the Bromcom Student Portal?

The Bromcom Student Portal is a secure online platform that gives students direct access to important school information in one place. Through the portal, students can view their timetable, attendance records, behaviour points, homework and exam information, helping them stay organised and take greater responsibility for their learning.

It is designed to be easy to use and accessible from various devices, allowing students to keep up to date with their progress both in school and at home.

The Bromcom Student Portal is similar to the MyChildAtSchool (MCAS) application which provides parents/carers with similar information.

The Bromcom Student Portal includes a range of features to help students stay informed and organised:

- **Timetable** – View daily and weekly lesson schedules, including room and teacher details.
- **Attendance** – Check attendance records, including absences and lateness.
- **Behaviour** – See positive and negative behaviour points recorded by teachers.
- **Homework** – Access assigned homework tasks, deadlines, and submission details.
- **Assessments & Reports** – View grades, assessment results, and school reports.
- **Exam Information** – Access exam timetables and results (where available).
- **Messages & Announcements** – Receive important updates and communications from the school.

Please note: not all of these features might be enabled for our school

What devices can access the portal?

The Bromcom Student Portal can be accessed on a range of devices, making it convenient for students to use both in school and at home:

- Desktop computers – Access through a web browser at school or home.
- Laptops – Full access via an internet browser.
- Tablets – Compatible with most modern tablets using a web browser.
- Smartphones – Accessible on iOS and Android devices through a mobile browser or, where available, a dedicated app.

This flexibility allows students to check their information anytime, anywhere with an internet connection.

What does the Bromcom Student Portal look like?

How to access the Bromcom Student Portal

You can access the Student Portal in the following ways:

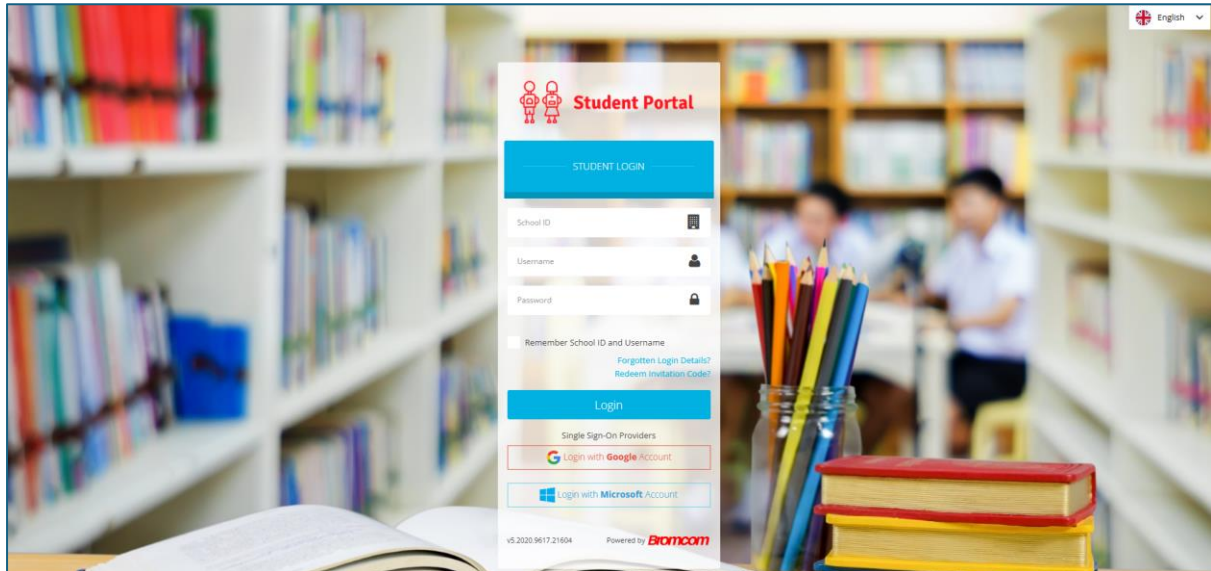

- By searching from Bromcom Student Portal in a web browser
- By visiting <https://vle.bromcomcloud.com/>
- By clicking on the useful links section of the school website or the link on the school's SharePoint page (see below)

Useful Links
Bromcom Student Portal
My Child At School (MCAS)
Learning Hub
SOCs
Study Bugs
Staff SharePoint

Logging in to Student Portal (desktop version)

The first time you log in to Student Portal should be using a device and the web version
<https://vle.bromcomcloud.com/>

You will need to click on the bottom option – **Login with Microsoft Account.**

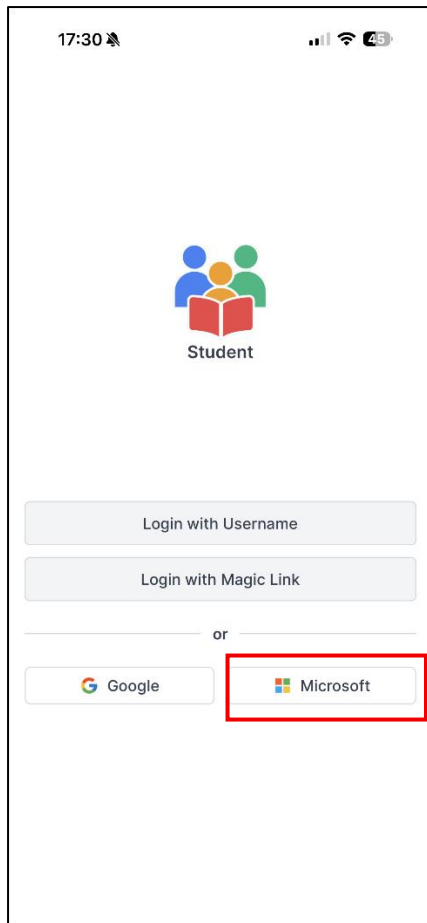

Once you have clicked on this it will ask you for your username and password. The username is your school email address which is your A number followed by @lpgs.bromley.sch.uk. Your password is the same one you use to login to the computers at school.

Logging in to Student Portal (App version)

You will need to search for the Bromcom Student Portal using the App store for your provider

Click on the "Microsoft" option to login.

Features of Student Portal

You can navigate between features/information by clicking on the or using the menu on the left-hand side.
