Dear Families,

Year 10 Spring Assessment Week – 13th-20th March 2026

The second GCSE and Vocational assessment period for Year 10 students is approaching. I hope the information below is helpful; however, should you or your child have any questions, please do not hesitate to contact their subject teacher.

These assessments will take place during normal lesson time, as outlined in the table below. They are designed to provide a thorough review of the content taught so far, giving us a clear picture of each student's progress and helping to identify both strengths and areas that may require further development. A copy of the timetable, along with revision schedules, have been shared with students on Firefly. Should students have any questions regarding the topics being assessed and the style of questions they can expect, whether essay-based, factual recall, or other formats, they should speak with their teachers.
