Dear #TeamYear11 Parents and Carers,

Year 11 is an important year and one that will undoubtedly bring a mixture of excitement, challenge, hard work and, ultimately, celebration. As a PE & Dance teacher, I often compare life to sport, and I think Year 11 is a little like the final stretch of a long season. Now it is about putting everything into practice and finishing strongly.

There will be days when things feel straightforward and days when they feel much harder. There may be moments when students feel overwhelmed, frustrated, or unsure of themselves. What matters most is that they keep showing up, continue putting in the effort and remember that progress does not always happen overnight. Just like in sport, success comes from consistency, resilience and determination.

While GCSEs are an important part of this year, I want Year 11 to be about more than exam results. I want every student to feel supported, valued and encouraged to achieve their potential, while continuing to develop the independence, confidence and resilience they will need beyond school.

We will work hard to support students academically, pastorally and personally, while also ensuring they have opportunities to enjoy their final year, celebrate their achievements and create lasting memories with their peers.

Your role as parents and carers is equally important. The partnership between home and school can make a significant difference during a year that can sometimes feel demanding. Equally, there may be times when we need your support in encouraging your child to remain focused, organised and motivated. Please do not hesitate to get in touch if you have any concerns or questions via the emails below:

Thank you to all those who attended our Year 11 Welcome and Information Evening yesterday. The slides are available [here](#) for your reference. In response to questions from parents/carers after the presentation, please see information on slide 9 about accessing information about your child's homework in the My Child At School (MCAS) platform.

Most importantly, I want our students to reach the end of Year 11 feeling proud. Proud not only of the grades they achieve, but also of the effort they have shown, the challenges they have overcome and the young people they have become.

WE HAVE
ACHIEVED

I have had the privilege of watching this year group grow from Year 8 into the young adults they are today, and I am excited to see what they can achieve in their final year with us. The final stretch is here, and together we can help them finish strong.

Thank you for your continued support. I look forward to working with you throughout what I know will be a successful, positive and memorable Year 11.

Yours faithfully,

Rachel Azra
